

ALEXANDER EGGLESTON

Lancaster, Ohio 43130 • 24egglal@gmail.com • 740-243-6818

Education

CAREERFOUNDRY

Remote

Full-Stack Web Development Program Certificate

07/2025

Intensive project-based online training program with a focus on student-driven learning, practicality, and industry expertise.

CAREERFOUNDRY

Remote

Python for Web Developers Certificate

07/2025

Designed a Python application, by creating a prototype in the Python shell, switching to a MVT structure, and finally updating the architecture using Django, SQL, and Matplotlib. View project here:

https://github.com/Egglol1/Recipe_Project

CAREERFOUNDRY

Remote

Full-Stack Immersion Certificate

05/2025

Optimized a previous project, by recreating the home page, reworking API calls, and simplifying inefficient code using Angular, Typescript, and RxJS. View project here: <https://github.com/Egglol1/myFlix-Angular-ns>

Designed a phone app, by creating a friendly UI, using backend data storage, and including special communication features using React Native, Firestore, and GiftedChat. View project here:

<https://github.com/Egglol1/p6-chat>

Developed an event calendar, by writing tests first, using serverless functions, and object-oriented programming using Vite, AWS, React. View project here: <https://github.com/Egglol1/meet>

LANCASTER HIGH SCHOOL

Lancaster, Ohio

4.0+ GPA, Sat Score: 1210

05/2024
